

DUM-E

Raspberry Pi Camera Board V2:

8 megapixel native resolution high quality Sony IMX219 image sensor

Raspberry Pi 3B:

A single board multicore computer for multiple heavy-weight and differing tasks runs Linux

Servo Motor:

Motorized angle control for the camera

LCD 1602

HC-SR04

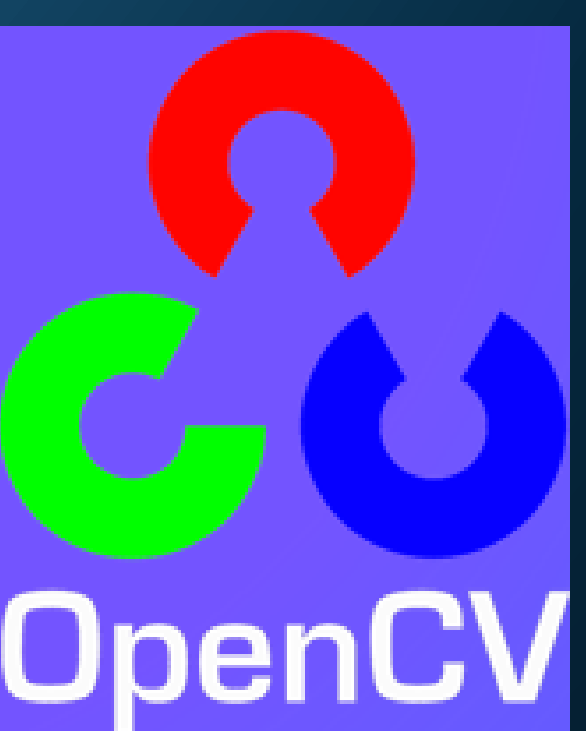

Ultrasound Distance Sensor

Baseboard – Version 24-Dec-2019

Main Functions:

- Line Following
- Traffic Light Recognition
- Distance Measurement
- Short Cut Recognition & Decision Making
- Turning
- Football Kicking
- Shape Counting
- Multiple Tasks

Embedded
OpenCV based
Algorithm

Powered by Raspberry Pi,
proudly designed by Group 7.
